Note On Reruns (Track Only)

NFHS Rule 3-8-4. The referee has the sole authority to determine if a race shall be rerun, and if so, who is eligible to participate in the rerun and when it should be scheduled. NOTE: Refer to NFHS Rules 5-9-2 and 5-9-3 for interference guidelines.

a. Determine if a rerun is necessary:

1. Acknowledge that a race rerun will rarely, if ever, be fair to everyone and should be avoided if at all possible.
2. To consider a rerun, one of the following must apply:

- (a) interference by another competitor resulting in disqualification;
- (b) interference caused by a nonparticipant; or
- (c) a meet administration error, i.e., wrong stagger, hurdle setting, official instructions, etc.

3. Reruns should be considered only in races or relays with individual legs of 400 meters or less for a one-day meet*. A competitor who is eligible and elects to participate in the rerun wipes out any performance, including in place, time, or record, in the original race.
4. Any disqualification that occurred in the original race would stand.

* OHSAA tournaments are two-day events; therefore, reruns in all races can be considered pending the above requirements being met.

Judgment decisions and false starts may not be appealed and will not be considered.

We the undersigned athletes, coaches, and concerned parties, respectfully submit this petition to formally address the improper configuration of the pole vault standards observed at Pickerington North Highschool on 5-28-25. The standards were mounted upside down and inverted, placing the bar pegs in an unnatural and potentially unsafe position above the marked height scale. Violation of NFHS Rule 7-5-11. Also failed to measure each bar height. Violation of Rule 7-5-12. Will faulter at large state bids.
